(<https://www.wikileaks.org/>)

Today, 8 July 2015, WikiLeaks releases more than 1 million searchable emails from the Italian surveillance malware vendor Hacking Team, which first came under international scrutiny after WikiLeaks publication of the SpyFiles (<https://wikileaks.org/spyfiles/>). These internal emails show the inner workings of the controversial global surveillance industry.

		<p>Dear Valeriano, Africa and the Middle East remain two of the most exciting prospects for sales of ships, boats, coastal surveillance and other naval systems. According to IHS Jane's, both regions will see exponential growth over the next decade. IQPC has built an excellent reputation of being able to deliver the most senior of decision makers from navies and coast guards to its conferences, and we always introduce them to our maritime security vendors. That's why I wanted to let you know about two outstanding business development opportunities we are scheduled to deliver, which will give you unique and unparalleled access to budget holders with billions of dollars of executive decision making power or key influencing ability: OPV Middle East, 2 - 4 June, Alexandria, Egypt Chaired by Rear Admiral (R) Ahmed Al Sabab Al Teneiji, Former CNF, UAE Naval Forces OPV Africa, 24 - 26 August, Lagos, Nigeria Chaired by Vice Admiral (R) Dele Joseph Ezeoba, Former CNS, Nigerian Navy These events will give you unprecedented</p>

		<p>Dear Mr. Thusandra Gamalath, Thanks for reaching out to us. As Massimiliano suggested, based in Singapore, I am the person in charge for the APAC region. I suggest we firstly set aside some time to organize a Skype call so we can meet and further discuss about the solution. Would you be available Monday morning at around 9 am Sri Lanka time? If that is fine for you kindly share your Skype id so I can add you. Many thanks, Daniel Maglietta+6591273560</p>

On the overall solid experience, but changed quiet a number of companies. But this is nothing compared to what might happen when pieces will start to move on the military chessboard, and don't forget that such a chessboard totally transcends the financial one. Well, I guess this is becoming a mantra, I have been repeating the same concept over and over, I apologize J "Mr Xi's ambitions are driven in part by a desire to improve inland and particularly western China's connections with Europe. Dear Daniel,
I have gone through the white papers.
Are you intend to sell Da Vinci, NIA, Exploit Portal and RMI as a Bundled package or individually?
I will have an informal meeting with the Director this weekend.
If there is positive outcome, can I share the white papers with him.

Hi all,

Lets look to have
 this call at 9pm Singapore.

I will try and join
 but my colleague John will also join as I am
 attending a funeral 2 hours
 previous and may not be back on Skype by that
 time. I will however try.

Kindest regards,
